SHOP SMALL Maui

MAKE A BIG DIFFERENCE.

Information for Merchants

shopsmallmaui
shopsmallmaui.com

What is the Shop Small Maui campaign?

Shop Small Maui is a campaign sponsored by the County of Maui to encourage Maui residents and tourists to spend their money at locally owned stores.

Spearheaded by the County of Maui Mayor's Office of Economic Development, our goal is to bring attention to the importance of our friends and neighbors who are small business owners. These hardworking individuals give our island home a sense of community, and contribute to our local economy in many ways. Initiated by American Express and now adopted by many communities and governments, the Shop Small campaign is a national, year-round celebration of small business owners everywhere.

Why should I register my business?

Because you will receive a FREE extra layer of advertising and PR opportunities by doing so.

By registering your business on shopsmallmaui.com, you will receive **FREE** promotion of your business through:

- Partners, retailers and sponsors
- Business directory on our website www.shopsmallmaui.com
- Social media (Facebook, Instagram, etc.)
- Radio/Newspaper advertising
- Info booths at community events (staffed by Maui County staff)

Maui County will promote the Shop Small Maui campaign throughout 2020, with a special marketing period in Oct. and Nov.

How can my business participate in Shop Small Maui?

Go to shopsmallmaui.com/register to sign up!*

*2019 Shop Small businesses do not need to re-register.

- **Your business will be added to our Shop Small Directory** and promoted on our social media.
- Upon registering as a Registered Retailer, you will receive **FREE** Shop Small Maui Posters. **Hang these posters in visible spots at your business.**
- **Download FREE online promotional materials** by registering your business with the American Express Shop Small campaign (optional).

Does it cost anything to participate? What's the catch here?

There's no catch - participation is absolutely FREE for all local businesses.

It is the County of Maui's intent to help our locally owned businesses thrive throughout the year. When local businesses succeed, our entire community reaps the benefits.

For more information, please contact Tokie Ogawa, Business Development Specialist for the County of Maui Mayor's Office of Economic Development.
